

POWER RESISTOR IN METALLIC CASE mod. BDR.48K2

1. FEATURE

This style of resistor represents the implementation of the BDR Style resistors (see data sheets 640340 and 640348). The connecting clamps are at the internal of the case and they may be reached removing the lower panels.

2. ELECTRICAL CHARACTERISTICS

Power rating (Pr)	W	48 kW
Resistance value	$\Omega$	2÷250
Resistance tolerance		$\pm 10\%$
Isolation resistance @ 1000 V <sub>DC</sub>	M $\Omega$	$\geq 1000$ M $\Omega$
Dielectric strength @ 50 Hz for 1'	V <sub>rms</sub>	4.000
